POETRY.

Figure the Alex My Old Hills-ners is no use in winks and joers, And railing, and all that; only makes me prize the more, My much shrand Old Mat. There was a time, perhaps, when I light full at ittels fair.
Thus to appear most indicate, with so uncouth a hat.

It would be quite ungrainful.
To formshe se good a Hat.
And what to me is ahlaing 'nilk,'
Or 'bearer' due, or 'cast'.
My hand, I ween, would be as gray

The greater marvel to me,
The now a living Hat.
Hard battles bath it fought and w
With Butterfly and Bat;

No would us as a smoot from

So little like a Hat!

And yet I'm leth to give it up,

No metter for all that;

It has mere comfort still for me and style is often flat;
id many a non-

Heads of are turned and bearts are warped By come crowns and flat— But as such dangerous spiriturks About this Aoly Hat. And yet my 'better-half' will chide, Scold, threaten, and all that, Because I will not coat away My inaccant Old Hat! Her words have quite a "melting flow," Yet, surely as to that,

And taste about my Hat.
She trims her boneed red or blue,
I've nought to say to that;
Yet, standing on my rights reserved,
I held on to my Hat?

of the contract and Liu, but," he added lengthing, and chanks colors and cognition."

ARTIES AND THEIR PRINCIPLES - No 1

for the purpose of clearly ascertaining as dy stating the nature of the issues upon which American people are called to pass judgmen approaching Presidential election

For the list eight or nine menths the politic tivity of the country has been almost wholly e-corsed in the technics and profitless discussion of

due for the approaching conflict, at

As first in the order of time, because ace its candidates in the field, the Constitutio Union party, under the lead of the Hob. Jour BELI ssee, and the Hon. EDWARD EVERETE. chusetts, challenges our scratiny into th ands that the personal character of the didied statesmen selected as the standard-hear this organization entitles them to the confi and respect of their countrymen, without dis-

fluences, which, in determining its constituents, hu

ting four years; the other implies as the basis

o'dly ground on which a political Cou-be held, with full fuith and knowledge or is constituents in respect to the pur-jects for which it has been assembled

w, now was it under this head in regard t

convention held at Bailmone in the masse of the Constitutional Union party! If a party so young and unfiltened as that of the Seconding Democracy represented at Richmond may be justly said to have had a history sufficiently suprest to define the corps and bearing of its principles, what move need the formation of the Constitutional Union party, gates sympathizing with the principles in question

In an "Address to the Pe en prompt to avail itself of these oppo

mities for anti-slavery agitation." Reference was further made to the fact that a under of distinguished citizens from different purt if the country had recently held an informal meet ig in the city of Washington, in order to deliberat the means which should be deemed most effects avert the dangers and restore the peace of the Re ablic. It was added that, in the unanimous opinio f that meeting, it was held advisable to take early teps, for the organization, of a "Constitutional on party, pledged to support the Union, the Con-tion, and the enforcement of the laws;" which nization was accordingly then commenced by appointment of a Central Executive Committee,

rights and reverence the Union of th

publicans at Chicago or by the Democrat antage, cither in clearness

That the normal condition of all the territory of the more action fails in point of vority, to way nothing the neces sation fails in point of vority, to way nothing the neces action fails in point of vority, to way nothing the neces action fails in point of vority, to way nothing the neces action fails in point of vority, to way nothing the neces action fails in point of vority to way not in the recept and of impute such in their scope, and of impute size and of impute size in the particular of the provided as the baris of deductions so sweep sign in their scope, and of impute sizes on dishonerable alike for the character of its constituents and the magnitude of its numbers.

We believe the most determined of its numbers.

We believe the most determined of its numbers will be size to a stituents and the magnitude of its numbers. We believe the most determined of the proposes of the propose of the "faithfailed was proposed by the Disaphs and Breckniring or may Particularly adopted by the Richmond Convention has not yet." beginning the shortesting of the propose of this argument in the parameter of its propose of the proposes of the superior of the faithfailed to cananist any political principles from a desire to ignore its distinctive character was sufficiently ascertained by the notive of the facts and events out of which it gave, and therefore satisfied itself with the simple deducation collatated in the following resolution:

Reserved That we the delegations from all the faither than the proposes of the states which had a superior in the propose of the provided propose of the "faither was and events out of which it gave, and therefore satisfied itself with the simple deduction collatated in the following resolution:

Reserved* That we the delegations from all the faither than the propose of the states which had a superior of the fact and events on the work of the fact and events of the fact and eve

commend its. If to our sense of political pro-plicity of the plantom is not the descriptions from all the Shater represented to this Convention are assembled spec the Salita of the plantom recommended by a majority of the States as Cheristican, we deem it unnecessary to take any Tyrther hotion upon that subject at the present time.

That is, the history of the origin and assembling of the Richmond Convention pointed unmiscakently on the cardinal principles above recited, recom-mended at the same time the assembling on the cardinal principles above recited, recom-mended at the same time the assembling of a General greatly commend its. If to our sense of positions propriesty.

To resume the history of the steps which led to
the inauguration of the Constitutional Union Party,
we have to add that the committee which has die
appeals, made to conservative citizens of all partice,
on the cardinal principles above recited, recommended at the same time the assembling of a Consent

ast May to authenticate by its action the legitimac; f its origin and descent from the antecedent me ares which had been taken for the inauguration of

e called to treat incidentally on the comparative erits of the competing parties and their candidate ursued in future articles, we shall confine our

as for the covernment of the common domai

a line of policy looking

in a section, that the institution of slavery will ever greatly extend beyond the boundaries of the States in which it already finds a ledgment and where it has at the same time a secure defence under the guarantees and limitations of the Constitution. When in the discussions had in the Senate of the United States, at the late session of Congress on he resolutions introduced by Mr. Schuter Davis, i the residutions introduced by Mr. Scantor Davis, it was proposed by his collargue, Mr. Scantor Brows, that Congress should intercent for the protection of slave property strucken down by the Territorial Legislature of Kamass, the proposition received only those voters, so feeble was the support commanded by a practical question arising under the abstract theory by which it was sought, at the risk of dividing the Democracy, to maintain degenates the right and duty of Congress to grant such protection wassever it shall be necessary. If the advocates of this doctrine find no occasion for its application to be Territors of Kansa, they are not likely see:

the part of the Republicans, if only this subject to the realithe Territories can be ruled out of the outlying Territories, beforetions and brought into outlying Territories, beforetions and brought into

nades itself, there are only two remaining Territo etween competing systems of labor, and it ties we must, from the operation of initural causes, be

And these considerations naturally, leed as he ad-vert to the fact that the Constitutional Trains Party is the only one among all the confederations now in the field which is expressly and unseatakenbly, as well in the nuncitation of its principles as in the an teochemic of both its candidates, conseited to the

apport, without incurring a much greater sacrifice

of this policy, other and more powerful States ac-

cording to the light in which

our judgment, the line of it first and highest interests of the Ri And, thus believing, we invoke for its can the confidence and support of our cour

PARTIES AND THEIR PRINCIPLES .- No. 2.

Having given in a previous number, under thi-head, an analysis of the motives which originated and a statement of the principles that actuate the Constitutional Union party, we to-day proceed, as next in the order of events, to review the position and attitude assigned to the Republicans by the Convention of their delegates held in the city-of Chicago on the 16th, 17th, and 18th of June last. With the salient points in the history of the rice With the salient points in the history of the ris and progress of this young but powerful party ever

peaning in presume to be under the bords given to deep createnests are stated at the bords given in pead of the Mianuary compromite, a botto of particle and population to the Domocratic party, under whos legal that repeal had been effected, the Mianuary together the pead to the pea distrely preceding the assembling of the Chicago Convention:

Out of the 3,50,000 Northern voices there are probably nor more than 100,000 Northern voices there are probably nor more than 100,000 Northern voices there are probably nor more than 100,000 Northern voices there are probably nor more than 100,000 Northern voices there are probably nor more than 100,000 Northern voices there are probably nor more than 100,000 Northern voices there are probably nor more than 100,000 Northern voices there are probably nor more than 100,000 Northern voices there are probably nor more than 100,000 Northern voices there are probably northern than 100,000 Northern voices that the other voices which is more than 100,000 Northern voices than 100,000 Northern voices that the property of the probably the still maintain removed who think they have the right and the power to machine which the more than 100,000 Northern voices when a the North, coupeling with the rown white labor. If they would not take them among them the voices when the transition of the united of the probably the same of the limits of the northern voices when the transition of the limits of the northern voices when the transition of the united voices when the transition of the united voices when the proposed the limits of the limits

lar allusion to the narrow scope of the principle propounded by the Republican party, and restricted its aim to a simple restoration of the Territorial state tax, distanced by the repeal of the Missouri compromise. To this effect he spoke as follows:

"Mr. President it is said great design will result from the action of the Republican party if they should result happy their principles: if they should result happy their principles of they should result in the Territorica, which the repeal of the hea thempted to Section 18 represents a do nothing more and moting far it has restored in Missouri componities; and, if we should carry it to the first the discouried componities; and, if we should carry it to the size of the state o

"A National Republican Convention will have at Chi-ugu on Wednesday, the 18th day of May 1e21, at Ireals slack mone, for the mommation of candidates to be sur-

directs are to b Republica nia, and th 1 not in lik

YELV, a delegate from the State of Pennsylvani

ecded immediately after the permanent organita ion of the Convention to appoint a "Committee to solutions and Platform," whose daty it should b rve as the aver

one offit and constitutional trinsplat."

This resolution, so far is it as extra the right of the Republican party to an independent political existence, affirms a proposition she the stands in me need of gurb formal announcement while, in respect to the permanency of the causes which originally called it into existence, we can presonned judgment only after a knowledge of them neares and number if they were simply such as Mr. Sawann and Mr. COLLARER announced a few weeks before the assembling of the Chicago Concention, it may be doubted whether the party, in its new pregramme of principles, has not committed itself to a uncleas and unconcentry assignment of the large concentry assignment of the concentry assignment of the name of more cause which Readon plex has not committed itself to a sacless and used only an adol aims of one cause which are some conservations of the conditions for souther cause which affi starrs the whole country in the fine. If this original object was practically to extern the Missouri Compromise, and preserve the National Tarritories from becoming "the houses of start with reality and a limitar apposition to the toleration of playgamy in the Territories, (as was declared by the Philodolphia platform.) It remains to say that the Tarritories, (as was declared by the Philodolphia platform.) It remains to say that the Republican creed on this score has been either particular to the common do and the country to the Philodolphia platform.) It remains to say that the first plant is the common and the country to the power of t

from the consent of the general property has been used astirized by a certain class of political with bosons it adopted the Constitution of the United States it adopted the Constitution of the United States it to touchatone and embediance of its political principles, but we do not take the principles of the principles of the principles of the principles of principles of the alleged impertinence Convention thus deci

of the Declaration of Independence, but he thought t did not necessarily follow that the party must pubh it as part of the platform.

out division, to adopt the amendment

The seventh resolution of the series discourse as a most and dangerous political heregy the descination of that with Constitution, of int own force, carried shavey into any or all of the Territories. The say that the Constitution of the United States sources any thing into the Territories is little better than a confusion of terms, for, as the Territories has a confusion of terms, for, as the Territories parameter than the interest of the property of the pro

4. 30

its hands he would have been likely to regar the delegates themselves in such a nomination.

In the ninth resolution the Republican

the recent revival of the slave-trade in terms which will not be deemed too strong by any who are pledge to "the enforcement of the laws."

to "the enforcement of the laws."

The tenth resolution points at the veloce pro-nounced by the Federal Governors of Kansas and Nebraska against the acts of their respective Legis-latures prohibiting alavery in those Territories, as affording a practical illustration of "the debasic and feaud" involved in the Democratic doctring of non-intervention and popular sovereignty. That it this resolution points to a defect in the principles and is not the enuncia
