They demand a vigorous prosecution of the demand a vigorous prosecution of the war for the speedy suppression of the rebellion, while at the same time they are nowise mestly mouthed in denoun-cing the frands and peculations which have been presided in various depart-ments of the general government.— They condemn in just and pever terms the suspension of the writ of Aubeau corpuse in places where the ciril anthor-ity is unimpaced and the arrest of is unimpeded and the agreet of sons without warrant or dee proeess of law and their connement in forts and bastiles without giving them a hearing or even deigning to inform such persons as to the charges upon which they have been arrested and they have been arrested and d.
